Cale / Norman,

The emails regarding site access are sent out when we submit documents to the U.S. EPA. Each of which contain hyperlinks to the SharePoint site (unless a document is small enough to be included directly with the email).

Norman was on the distribution of the recent documents submitted to EPA on Friday (7/14)(Stream Sediment and Floodplain Soil Technical Data Summary Report) and Monday (7/17)(Reference Area Technical Memorandum); however, we were not asked to include you a cc until this past Tuesday (7/19). We will be sure to include you on communications going forward. I will forward both email to you shortly.

Please let me know if you have any issues with accessing the SharePoint Site.

Thanks,

Marc

We got our passwords, but waiting on the email for the site to access. We checked our junk/spam, but nothing yet.

Have the Washoe Tribe folks gotten access?

I will need my password reset as well. Thanks! Lynda

Lynda,

Norman Harry and Cale Pete have been added to the Leviathan Mine SharePoint Users Group. They should both receive an email from IST.SHAREPOINT@AMEC.COM with password information. Looks like Fred's password expired in June so we placed a request with our IT department to perform a manual reset and email him the new password.

Thanks,

Marc

Marc, Please make sure Norm, Cale and Fred all of access, passwords, etc to the Sharepoint.

I was told today, they do not.

Thanks much!
